Sunday and Monday	Surcharge for Emergencies

Thank you for visiting Ms. Itzy Is My Stylist. I am so excited that you are considering me as your stylist! My name is Jessica, affectionately called Itzy, I was a student at Ogle School Hair Skin and Nails in Houston, Texas. I have been styling hair as a hobby since the tender age of 12. I am now transforming my hobby and passion into my career.

I have served almost 10 years in the United States Army and working as a Veterinary Technician in the civilian capacity. Though I love serving my country and saving the lives of fur babies, I truly love and find happiness in transforming people into the BEST version of themselves!

Im sure you're wondering, "Where did the nickname "Ms.Itzy" even come from?" I've always been pretty small in stature with a really big personality! But I hated being called "little" or "itty bitty". A former church member met me once and said, "Itzy! That's what we're calling her." The rest is history.

My goal as a stylist is to make an impact in this industry by encouraging people to be BOLD, Love yourself and be AMAZING at it! My clients are always pampered and treated as the Kings and Queens they are inside. I pride myself on being diverse and never turning down a challenge or client! I will do it all! Hair, make-up, men, women, children, even grooming your dog! Book with me for the "Itzy Experience"!

Please book with me from the online booking link above!
