Tuesday-Saturday	8 a.m. - 6 p.m.

Hi I'm Nichole, owner of Pink Water Esthetics. I would like to welcome you to the ultimate luxury hair care experience. I am a highly trained diversified professional and graduate of Paul Mitchell Cosmetology Training institute. I have been creating art for over 10 years in the hair industry. As an artist I have chosen to specialize in custom wig making and natural hair care. Not only am I servicing natural hair clients but I've started my very own natural hair journey in 2014 so I can properly educate my clients from personal experiences. While delivering healthy hair results I consult each individual with multiple at home exercises to maintain manageable healthy hair. Here I provide a series of services such as exfoliating shampoo scalp massages, steam treatments for blood circulations, moisture and hair growth, Deep conditioning, silk press, Trims, protective styles, wigs and so much more! All Textures are welcomed. I only use the best of the best for my clients depending on your hair texture and desired finish look. We have professional products that best suit your long term hair goals such as CHI, Design Essentials, Paul Mitchell, Kenra, influence and Mizani just to name a few.

Available for Purchase: Wigs, custom wigs and lace closures, lace frontals. Sorry no 360's are available for purchase at this time.
