After 30 years of waking up and still having the passion to continue in the same field. Each year is different from the last ten. Learning different tactics on how to achieve old styles with a new twist, meeting new clients with different needs. New year, new styles and keeping up the pace is truly a remarkable ride. Never thought at the age of 12 when I started doing my hair, that my future would lead to this, but learning every day how to be more caring and more considerate about the person that comes in and realize that it's more than just the hair it's a relationship. I pray a lot of times before I begin and asked God to help me style my clients hair allowing them to walk away with a smile. I ask God for the right words to say for what ever they are going through. My mission-is to cultivate the beauty possessed within, while capturing the essence of each clients physical beauty. That's why I love covergirlsbytre!!!
