I am Karen Brockett, a professional hair care specialist who has been in the industry for twenty plus years. I have spent the last ten years here at Salon Meyerland where I offer services to clients young, old, and everything in between; however, senior citizens hold a special place in my heart.

Scheduling:

In order to accommodate clients, my scheduling hours are flexible from Thursday afternoon through Saturday. I do not overbook; therefore, clients will not have to wait for services and can enjoy their salon experience in a clean, comfortable, clutter-free space.

Products:

Because I care about the health of my clients' hair, I use all professional products and tools, such as Mizani, Affirm Fiberguard, Optimum Advanced, Clairol Professional Color, L'Oréal Richesse/Majilift and Sebastian. Also, I use all maintenance and finishing products that correlate with the specific service given.

Service: Hair expresses who we are, therefore I strive to give clients what they want by offering full/partial relaxers, blow dry style, flat iron, curl, roller sets, twist set, as well as silk press style. Additionally, I offer designer haircuts, layering and trim, designer hair color, highlights, and low lights. To maintain healthy hair I offer rejuvenating hair treatments such as Olaplex for stressed hair.
