Welcome to Tren-D Hair Studio. My name is Nikki Jenkins and have been in the beauty business since 1995. I am a native Houstonian and opened my own salon at Salon Meyerland in 2008. In addition to working as an apprentice at one of the most professional salons in Houston in my youth, I received lots of experience working in JC Penny's Salon in Meyerland which instilled a corporate structure of how business in the "Real" world should be run. JC Penny's gave me the opportunity to learn from their extensive education programs that had an emphasis on techniques and product knowledge. I prefer to use professional products such as Design Essentials, Influence, Affirm in addition to others to achieve healthy hair. I enjoy doing short trendy haircuts, relaxers, color, silk press, shampoo sets but I am a full-service stylist and not limited to those services. I pride myself in doing custom color to accentuate your skin's natural tones in addition to adding highlights and lowlights if you desire. I am known to be a people person that is always smiling and happy. I schedule my appointments accordingly to minimize your wait and can even get you in and out on your lunch break if you need. Feel free to call or text me for a complimentary consultation between the hours of 8 am & 10 pm.
