"Chic Manicures by Venus" has served a faithful clientele for twenty five years, 1992-present. "Chic Manicures by Venus" is extended through out the USA and has continued to serve this inclusive specialized clientele: natural healthy nails, corns, calluses and ingrown nails. Seventy-five percent of the clientele are diabetic patients.

To stretch faith, in 2003 the second entrepreneurial experience was opened, "Heaven Above Creations Hair Salon," a full scale day spa. The spa, was blessed with six styling stations, massage therapists, and a gifted nail technician, "Venus".

With silver wisdom and the touch of healing, Venus continues to give through Stewardships, Talents, and Thankfulness.

Faith of a Mustard Seed has sustained all business efforts.
