Adonica Tippens has been a beauty professional since 1994. She has been at Salon Park since 2008. With her education she was a head trainer for Pro Cuts for over five years and Great Clips, Inc for four years before opening her own business inside Salon Park.

She is triple threat, experienced and proficient in multi-cultural cutting, color and styling. After nearly 20 years she says she still wakes up excited about the opportunity and blessing to do what she loves. She believes that hair is a lifestyle and the "whole you" is taken into consideration when she creates a style. Adonica graduated from Ogle School of Hair Design in 1994. Her passion for hair is true and believes in continuous education in order to command the latest techniques in hair care and styling.

She has trained with Paul Mitchell, Aveda, Moroccan Oil, Redken, Design Essentials, Avalon Affirm, Matrix, Wella, L'oreal and the list continues. Her training includes cutting edge color and cutting techniques as well as Formaldehyde Free Keratin Treatments. All services include a relaxing scalp massage while shampooing your hair with the best products that will help maximize the health of the hair. Adonica's schedule is appointment based and if time permits walk-ins are welcome. Online booking is available. She offers Moroccan Oil and Design Essentials retail products and will educate you on what products you can purchase to help you maintain your healthy tresses at home.

Cash/MasterCard/Visa/AMEX/Discover accepted. Sorry no checks. ATM is on site.
