In 2010, I obtained my Cosmetologist License from the Great State of Texas; later that same year I enrolled in the Psychology program at the University of Houston. During my journey to obtaining my BS in Psychology from U of H, I began to build a loyal clientele; and to this day I still service many of those clients. After 5 years of being in the beauty industry, I advanced my education at Paul Mitchell "The School of Houston". Upon completion of that program of study, I received my Instructors License from the Great State of Texas. Not only do I love styling hair, my passion to teach allowed me to become a Trainer at my previous salon (Super Weave Xpress). I taught many techniques to various stylists, such as different Sew-In methods, color, cuts, and more.

Over the course of the past 5 years and currently, I continue to advance my craft by attending many classes, hair shows, and constantly practicing. My skill set includes: specializing in weave services, natural and relaxed haircare, color, and more as shown below. A few products I love to use are Design Essentials, Affirm, Paul Mitchell, Nairobi, Sebastian, and other professional products. Please feel free to text or call to set up a free consultation, book an appointment, or ask any questions you may have concerning my services.
