Tuesday thru Saturday	9 am - 7 pm
Sunday and Monday	By Appointment

Our mission is to provide a private and serene atmosphere where women can come to select a FREE WIG, receive complimentary salon services, and learn makeup application all while surviving through the effects of cancer treatments.

A woman's hair is her crown and glory and losing that esteem can be very painful OR it can be a celebrated experience - marking the beginnings of a beautiful, new you! BBBC aims to assist in the rebuilding of self-confidence and self-esteem during this sensitive period.

Wigs and hair extensions have always been a staple for women when it comes to hair loss. We take it one step further by customizing your choice of wig with a better fit, cut or trim, and style.

The goal of Beauty Beyond Breast Cancer is to inform, assist, motivate, and inspire women.

The flagship program of BBBC is our on-going Wig Drive which allows us to receive wig donations from all around the city. Those donations are then given to cancer centers and patients in and around the city of Houston. During the month of October, we hold our Pink Ribbon Campaign, a movement to empower and educate women about breast health awareness.
