Thank you for your interest in House of Stylz LLC! Cynthia is a licensed cosmetologist that specializes in braids, locs and natural hair care. She is unique because most braiders/loctitians are not licensed stylist and being a licensed cosmetologist gives her an edge because she is able to do color, cutting, straightening and other chemical services to create a one stop salon experience. Her love for the hair industry started when she was 12 and started doing her own hair in addition to friends and families. Thirty years later, this love has transitioned into her opening her own salon in 2019 and never looking back! House of Stylz prefers to use only professional products such as Influance, Affirm, Paul Mitchell, Chi and Desighn Essentials. Cynthia focuses on healthy natural hair and prides herself on educating her clients on how to maintain their hair between salon visits in order to keep you looking your best! Clients of House of Stylz will tell you that Cynthia will cater to you. If you are looking for a calm, relaxing vibe with great music then you got it... On the other hand, if you want to spill your heart out she is all ears. Want a movie or favorite show during your long service, just ask! She will cater to you. Cynthia is a professional and will respect you and your time in her chair by being punctual and keeping to her schedule. Text Cynthia a photo of yourself and what you desire for a complimentary phone consultation, or reach out to her to schedule an in person consultation if you prefer.

I am very flexible wih my schedule. If you do not see what you are needing on my online booking, don't hesitate to call or text anytime day or night and I will respond at my earliest convenience!
