Licensed for 34 years, I have experience with all hair types and ethnicities. I have always considered myself to have growing hands so if your hair is not becoming of you, then you should come see me. I pride myself in the growth and proper maintenance of hair. I am a native Houstonian so I understand the need for different options against the weather. I have been in Salon Meyerland since 2018 and prior to that owned my own salon. I use Design Essentials, Wella and a blend of the best professional products designated for your hair type. I am straight forward on anything. I am knowledgeable and have a desire to share. Text me for the fastest response.

Visa, Mastercard, Amex, Zelle and Cash. ATM On-site.
