I have been a licensed manicurist since 1996 and a nail salon owner for the past 8 years. Since starting my career, I have always valued my clients' time and always provided quality services using some of the best products on the market. I've developed a reputation as being extremely prompt, professional, and knowledgeable in my craft.

For the past 15 to 20 years, getting an appointment with me has always been difficult for those reasons. Your appointment time is your time, and most services are completed within an hour without skimping on the service. I've mastered almost every nail service in the industry, but I have my favorites.

I've completed hours and hours of educational seminars and business courses, which have allowed me to stay current with industry trends and continue offering fair pricing. I'm usually very quiet when working, simply to stay timely and focused. Looking forward to serving you!
