I am Alice Vann-Fulton, a licensed professional since 1986. For over 30 years, I have been dedicated to continued education in order to maintain a current and high quality level of care for my clientele. I believe in the importance of quality, professional products which promote hair growth in addition to healthy hair and scalp. I have a positive and can do attitude which creates a synergy that resonates to and from my clients. The atmosphere in my salon is inviting. I offer flexible hours which benefit my client base of all types; professionals, students, and housewives. The hair and cosmetic industry is exciting and ever changing therefore I do a wide array of protien, keratin and silk press services for my relaxer free clients. I also focus on keeping my relaxed clients hair healthy.

I am a certified trichologist and offer a private consultation. This service includes scalp analysis with a scope, shampoo, scalp treatemtent and hair vitamins to take home if necessary. We will help you determine what other alternatives are available or whether you honestly just need to give your hair a rest. The consultation will also help detemine whether your insurance can reimburse you for Non Surgical Hair Loss Treatment, which I also provide.

Ask me about Cell Food Drops and other Holistic Practitioners of Trichology Products in Houston!

Don’t just let my bio be a good read, please come in for a service and let my salon experience speak for itself.

Mission Statement: To provide the kind of service that I would like to receive.
