Welcome to Aurora's Salon! I have been a licensed cosmetologist since 1989 and furthered my career by getting a cosmetology instructors license in 2014. I have been working in the Meyerland area for 20 years as I love the clients I have established although I live further away my dedication to my clients keeps me here. I pride myself in keeping myself trained and current with the latest trends and products by going to hair shows and continuing education classes to further educate myself. I am certified with the latest keratin products such as Brazilian Blowouts. I use Matrix Color Insider which is the new ODS permanent color which is an ammonia free oil based product that adds shine and conditions the hair as it colors. Because my clients deserve it I only use professional lines such as Wella, Matrix, Paul Mitchell and Joico to mention a few. Although I offer all general salon services such as cut and style, color is my specialty as 70% of my clients request color and highlight services at every appointment.

I have always considered myself a good listener so whether it is about your hair or if you just want to tell me about your problems, my clients will tell you that I am always there for them. They might also say I am funny but lets not talk about that.

Please contact me for a no obligation consultation before your first appointment.
