Thank you for your interest in Chic Stylz by Tina. Tina, the owner, has been a licensed cosmetologist since 2006. Her love for doing hair started from helping out friends and family that were struggling with their own hair journeys. This evolved into a passion that just kind of fell into her lap. She specializes in natural and relaxed hair and can cut, style, braid, weave, loc, silkout your hair along with most all other services because she has focused on being able to be diverse with her services. Tina uses nothing but professional products such as Influence, Design Essentials and Affirm. In addition, Chic Stylz by Tina prides herself on being a one stop shop by offering other beauty services such as eye lash application, eyebrow shaping, waxing and more. Tina's clients would say her salon is a very laid back homey and comfortable environment. Her salon suite is clean and sanitized between clients. She sticks to a strict schedule because she knows your time is as valuable as her time. Chic Stylz is kid and senior friendly because Tina is a patient professional. Please check Tina out on her social media and online booking at the links above.

Cash, CashApp, Zelle and most credit cards are accepted. ATM On-Site
